

MSAD #51

Code: EBB

Greely Swimming Pool

The Board views the pool at Greely High School as a valuable District and community resource. The Board policy regarding community use of school facilities applies to the pool. School or school related activities (e.g. children's swim lessons and children's competitive swim development programs) have a priority over other community uses. It is the Board's objective that all students receive swimming instruction throughout their physical education program with the goal that all students be given the opportunity to learn to swim before graduation. It is the responsibility of the Athletic Director to develop procedures and regulations for the safe use of the pool. It is the responsibility of the pool director to determine the pool program schedule.
